HOLY MATRIMONY!

"It's been a whirlwind, but Rob and Twigs are madly in love," says an insider. "She's very thoughtful, and his family couldn't be happier."

ROBERT PATTINSON & FKA TWIGS

Secretly Engaged

BIG MOUTH

After T-Pain let his pals' news slip, he admitted that he didn't know "if [Twigs] wanted anybody to know that." The rapper immediately took to Twitter to try to run damage control, declaring the comment an #AprilFools prank. Now that the news is out... looks like the joke's on him!

SOURCES CONFIRM THAT ROBERT PATTINSON AND GIRLFRIEND FKA TWIGS HAVE BEEN BETROTHED ON THE DL FOR WEEKS

After six months of dating, two promise rings exchanged and countless nights spent joined at the hip on various continents, **Robert Pattinson** and **FKA Twigs** are engaged! “Rob’s been wanting to make it official for a while, because he’s so in love,” says an insider. “He was thrilled to discover that she felt the same way — she actually proposed to him! They’re excited about the future.”

Though they’ve been inseparable, with Twigs, 27, reportedly living in Rob’s Hollywood Hills home, the couple weren’t exactly planning on issuing a press release about wedding plans. But on April 1, good friend **T-Pain** revealed in an interview that he likely wouldn’t be recording with Twigs anytime

soon, because “she’s engaged now.” He tried to play off the admission as an April Fools’ prank, but insiders say the very private couple already have a wedding date. “They didn’t make this promise for anyone but themselves, so they don’t see the need to make a grand statement,” says an insider. “They like to keep out of the spotlight as much as Rob’s career allows.”

Try as he might to keep his

romantic life under wraps, Rob’s three-year on-off relationship with **Kristen Stewart** put him at the center of a media circus — especially after Kristen was caught cheating with her married *Snow White and the Huntsman* director, **Rupert Sanders**. Eventually, Rob, 28, opted for a more low-key courtship with Twigs — who, in spite of her quirky style and eccentric music videos, is press-shy — but the frenzied fan base from his days of *Twilight* vamping has kept them in the spotlight. Referring to paparazzi attention, Twigs recently said, “That side of my life is nothing to do with me... It’s something that’s very challenging. But then it’s like, is this person in my life worth that? And he is, without question.”

Though their big news is now public, sources say their wedding will be fittingly low profile, in their home country of England. “Rob misses England,” says the insider. “They both love nothing more than to have a few drinks in a country pub. They’re even house hunting there. An over-the-

“AN OVER-THE-TOP L.A. CEREMONY IS THE LAST THING THEY WANT”

top L.A. ceremony is the last thing either of them wants.” As Twigs will be touring until August and Rob has just signed on to star on *The Walking Dead*,

sources say they’re considering a Christmas wedding. “They’re both having fun coming up with ideas,” says the insider. “They’ll try to keep it secret — and will definitely keep T-Pain out of the loop!”

THE LATEST CELEB NEWS

INSIDE

Gwyneth leaked their vacation locale to photographers because "she wants to seem like a happy family in the public eye," a source says. "She's all about image."

As they embarked on yet another family vacation at the end of March, **Gwyneth Paltrow** and **Chris Martin** were once again hailed as the world's most amicable exes. But the truth is a lot more complicated. When Gwyneth asked Chris to join her and their children — **Apple**, 10, and **Moses**, 8 — for spring break in Puerto Vallarta, Mexico, a source says that she thought that Chris wouldn't mind staying with her in the master suite of their rented villa. Chris, however, had other ideas. "He went along to spend time with his kids," a friend reveals. "But he insisted on sleeping in his own room!"

A full year after their "conscious uncoupling," Gwyneth, 42, "is having a hard time letting go of her marriage," the insider says. "Chris wants to keep the peace, but it frustrates him." They've both dated other people — Chris, 38, has romanced **Jennifer Lawrence** and recently enjoyed a beach day with **Kate Hudson**, while Gwyneth spent a romantic weekend with *Glee* cocreator **Brad Falchuk** — but Gwyneth hasn't truly moved on. "She avoids being photographed with Brad, yet paparazzi can easily find her in Mexico with Chris," the insider says. "Everyone knows she leaked their location because she wants to prove she's the most important woman in Chris' life. Soon enough, he's going to get fed up and finally file for divorce."

CAN'T QUIT CHRIS

Chris took Apple and Moses out to do some tubing on their family vacay.

JUSTIN LEO'S NEW WINGMAN

He's a Belieber! Nearly a year after flicking **Justin Bieber** away from his table in Ibiza, **Leonardo DiCaprio** has had a change of heart. Witnesses were surprised to see them partying together at 1Oak in L.A. on March 21, but a source tells OK! the night out was the actor's

way of extending an olive branch to the pop star. "Leo couldn't stand Justin for a long time, but he admires the fact that he's trying to become a better person, so he decided to give him a shot," reveals a pal. "Plus, he knows Justin hangs with a ton of models, so they obviously have a lot in common." But even though he's in with the big boys, the source adds that the Biebs should tread carefully. "If Leo finds out his apology tour is all an act, Justin could be blacklisted again in a second."

Justin and Leo were in great spirits as they left the club in separate cars with a bevy of beauties.

MEGHAN'S ODD INTRODUCTION

She became an overnight sensation, thanks to "All About That Bass," but **Meghan Trainor** knows folks are far more familiar with her hit song than her name. A witness tells OK! that when the singer introduced herself to celebs at the Nickelodeon Kids' Choice Awards on March 28, she made sure to remind them of her claim to fame. "She'd say, 'Hi, I'm 'All About That Bass' Meghan Trainor,'" says the source. "That's what she said to **Adam Sandler**, his wife, everyone — verbatim."

BRUCE GETS BOOBS!

Bruce Jenner's docuseries may be on hold, but the former Olympian appears to be pushing full steam ahead with his gender transition. Sources say that after a year of female hormone therapy, he decided to make a more permanent change by undergoing breast implant surgery. "He was nervous at first, because he didn't want to look ridiculous," shares an insider. "But they aren't too big, and he's sure that once he completes the transformation, they will look perfect."

Bruce (seen here on Jan. 28) is recuperating at home, with help from sons **Brody** and **Brandon**.

Between Jacqui and Melissa's staged friendship and the Giudices' secret negotiations, it's a turbulent ride to season 7!

RHONJ OFF-SEASON DRAMA

The cameras may not be rolling, but that doesn't mean the drama stops on *The Real Housewives of New Jersey*! OK! got the scoop on what to expect when season 7 rolls around.

A HOUSE DIVIDED

Joe Giudice doesn't want prison time to get in the way of a paycheck. An insider reveals that the shady reality star is negotiating with Bravo behind his wife's back to include him and his daughters when filming starts in November, even though **Teresa** will still be in

prison. "Joe is trying to make a side deal for himself because he has no job and no money," says the source. But this won't sit well with Teresa. "She doesn't want to be part of the franchise anymore," says another insider. "She believes that putting her life under the microscope is the reason she's behind bars."

Tiki Barber's wife, Traci Lynn, "doesn't want the dirt on their affair to come out," says a source.

TWIN DESPERADOS

Though sources have confirmed that **Teresa** and **Nicole Napolitano** will not return next season, the ladies are still desperately clinging to the spotlight. "They want everyone to think they're coming back,

so they keep posting old pictures of themselves filming," says a source. "They're milking their fame for everything they can, even requesting free Botox and plastic surgery!"

FLIP-FLOP FRIENDS

Melissa Gorga and **Jacqueline Laurita** have long had an on-and-off friendship, but now a source says the pair are pretending to be besties in hopes that they'll score contracts for next season. "All of a sudden they're hanging out all the time, but they're not friends," the insider says. "They're just in cahoots because they need the money that comes with the show." But it turns out the franchise might need them as well. "Producers are scrambling with casting," adds the source. "They want new faces, like **Traci Lynn Barber**, but no one wants the show to air their dirty laundry."

BLIND ITEM

Which world-renowned music man could be giving his new Grammy-winning girlfriend more than she bargained for? If their relationship reaches the next level without protection, she'll be burnin' by this summer.

"Neil got even more upset when he noticed the photogs snapping away," says the source.

NEIL'S HOT TEMPER

Looks like celeb parents lose their cool too! An insider reveals that **Neil Patrick Harris** was mortified after being caught mid-meltdown while disciplining his 4-year-old twins last month. "Neil really is a great dad, but he's not proud of how he handled this situation," says the source. Though many parents can no doubt relate, Neil has to worry whether the outburst may have some serious repercussions. "He's such a charismatic entertainer, but this could affect his career and squeaky-clean image," says the source.

Spirit of Australia

USA

Nicole and Keith's schedules are wreaking havoc on their marriage. "When they are together, they argue," says a source.

Nicole & Keith

SEPARATE LIVES

They're out of sight, out of mind and out of sync! **Nicole Kidman** and **Keith Urban** never see each other because of their jam-packed work schedules, and sources say their marriage — and family life with daughters Faith, 4, and Sunday Rose, 6 — is suffering.

Nicole is currently shooting *Lion* in Australia while Keith, 47, is stuck in Los Angeles filming *American Idol*. And although her film and his show will wrap up around the same time, Keith has filled his calendar

with U.S. tour dates that will keep him traveling all summer.

"He was hoping she might come along, but she's over it," a source says. "She hates sleeping on a tour bus. It's no place for a wife and children." In fact, the source adds, Nicole, 47, wants Keith to slow down and spend more time at home with their kids, but he flat-out refuses: "He doesn't see why he should give up on his career, which is booming right now."

The relationship is so tense, friends say, the couple could be headed for a

split — something Nicole is desperate to avoid at all costs. She's begun pleading with Keith to have a third child in hopes that it will keep them together. "She's telling everyone how much she wants another baby," the source tells *OK!*, "but they're never together to even try!"

Keith even went on vacation by himself in Hawaii last December. "He had a lot of time to think about the marriage then," the source says. "Something's going to have to give, or they're not going to make it."

Sources say Nicole won't let the kids have any candy or processed foods.

Joel to Nicole:

LET OUR KIDS EAT CAKE!

Who knew kale smoothies could be so divisive? **Nicole Richie** is obsessed with indoctrinating her children into her holistic lifestyle — but it's causing problems with husband **Joel Madden**, 36. For starters, the 33-year-old designer feeds **Harlow**, 7, and **Sparrow**, 5, a very limited diet. "She only allows them to eat vegetables grown in her garden," an insider says. "If Joel

feeds them and it's not organic, she becomes furious." And while he usually indulges her hippie-dippie impulses, the source says Joel thinks Nicole's latest craze — taking the kids to cupping therapy, which uses suction cups to draw toxins from the body — is going too far. "Their parenting-style conflict has come to a head," the insider says. "They're fighting more than ever."

CHEATING ON KYLIE?

Kylie Jenner may look much older than her 17 years, but when it comes to relationships, she still has a lot to learn. While she's been dating **Tyga**, 25, for seven months, sources say she has no clue that she's not the rapper's only paramour. "Tyga likes to have his cake and eat it too when it comes to women," an insider tells OK!. "When Kylie's around he acts like the perfect boyfriend, but he definitely has some ladies on the side." The source says Kylie may be more aware than she lets on but chooses to ignore Tyga's partying, like his recent trip to a strip club with pal **Chris Brown**: "She's so in love that she convinces herself he's being honest. But it's only a matter of time before she finds out the truth."

Sources say Cressida is the one woman Harry's never been able to get out of his mind.

Cressida to Harry:

MARRY ME – OR LOSE MY NUMBER!

Is a royal wedding in the works? Sources say **Prince Harry** wants another go with ex **Cressida Bonas**, 26, but she gave him an ultimatum. "If they give it another shot, Cressida needs Harry to make a commitment," an insider tells OK!. "Unless there's a proposal attached, she's not interested." The source says their two-year relationship, which ended last April, was on and off because Harry, 30, wasn't ready to commit — until now. He was spotted watching Cressida in a performance of *The Importance of Being Earnest* in London on March 25, and he recently announced he's leaving the military in June. "Harry has been contemplating settling down — and Cressida has always been The One," the source says. Of course, diamonds speak louder than words.

Hayden and Wlad's daughter is only 4 months old!

LeAnn & Eddie NASHVILLE BOUND?

LeAnn Rimes and **Eddie Cibrian** are at a crossroads! An insider says that LeAnn is lobbying her hubby to leave Los Angeles in order to save her career, but Eddie wants to stay put. "LeAnn was once the hottest star in Nashville, and she intends to be that again," the insider tells OK!. "But Eddie's two boys live in L.A." The pair met on the set of a TV movie when LeAnn was pursuing acting, but she's now decided to revert to singing — and, the insider says, Eddie may be forced to follow her lead: "LeAnn controls the purse strings. If he doesn't go with her, their relationship may not survive."

Eddie wants to stay in L.A. for acting jobs, but a source says, "The TV thing isn't happening."

Hayden & Wladimir BABY NUMBER TWO?

She's barely out of maternity pants, but **Hayden Panettiere** is already thinking about getting pregnant again! Sources say that her fiancé, boxer **Wladimir Klitschko** — who, at 39, is 14 years older than the *Nashville* star — can't wait to have more kids. "He loves being a dad and wants to start trying again ASAP," an insider says. Hayden, who gave birth to daughter **Kaya** in December, isn't totally on board yet. "She's just finding her footing as a mom," the source says. "But she wants a big family, so no one would be shocked if they announced a second pregnancy by summer."

NOW: THE
SHOCKING
WAY IT ALL
BEGAN

Young Kendall
fell under Scott's
spell last May.

How Scott Seduced K

Scott, a grown man, seems to relish the chance to cut loose with a young girl.

n the day of **Kim Kardashian's** lavish wedding to **Kanye West** in Florence, Italy, the family's attention was, for the most part, trained squarely upon the happy couple. But there were two guests, **OK!** has learned, whose focus was elsewhere: While the bride scrutinized the

bouquets, wondering if they could be made smaller, her de facto brother-in-law, **Scott Disick**, was stretched out on a love seat with **Kendall Jenner**, his longtime girlfriend **Kourtney Kardashian's** teenage half sister.

"Do you think Kim is nervous?" Scott, 31, asked Kendall, who was perched above him. "Would you be nervous?"

"I think I'd be more excited than nervous, if it was the right person," the 19-year-old model replied coyly.

According to a source close to the family, "Her tone was suggestive." And while that exchange actually made it into an episode of *Keeping Up with the Kardashians*, the source says that plenty of other flirtatious moments were left on the cutting room floor. "Scott timed

Kendall

Scott went shopping with Kendall just days after his son Reign was born.

From “Big Brother” To Bad Influence

Scott's problems with booze have been well documented; He checked into (and then, days later, out of) a Costa Rican rehab just last month. But that hasn't stopped him from partying with Kendall, even though she's underage. Years ago, they were seen downing vodka shots on school nights, and one report claims he introduced her to pot! So it's no surprise he feels no guilt about getting involved with her now.

In a screen shot from *KUWTK*, their body language says it all.

it perfectly,” the source continues. “Everyone was so caught up in Kim’s wedding that they didn’t pick up on anything else that was going on around them, and Scott jumped at the opportunity to get cozy with Kendall.”

CROSSING LINES

It was a big departure for Scott, who’d formerly treated Kendall more like a little sister. “When they met,” the source explains, “she was still a schoolgirl, and he felt terrible that she and **Kylie** were being thrown into the reality TV spotlight. He vowed he’d protect them.” But, Scott being Scott, he was soon taking Kendall and Kylie clubbing rather than sheltering them.

Nevertheless, the relationship didn’t turn romantic until they were in Europe together. “He was looking for a good time, and Kendall was there to accommodate him,” the source says. “She’s always had a crazy streak, and Scott

really liked that. She encouraged him to let loose and have fun.”

WHY HE MADE HIS MOVE

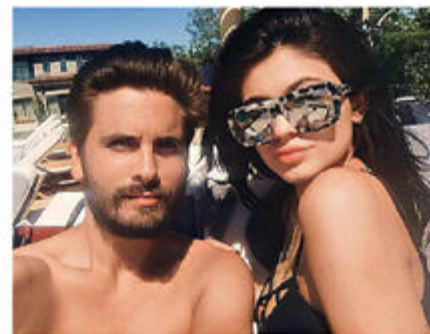

Scott was primed to misbehave because he’d only recently learned that his girlfriend, Kourtney, was pregnant again — and he hadn’t taken it well. “You just keep suckering me into these kids,” he complained upon learning the news. “I can’t handle all this responsibility.” But the source says that Scott wasn’t consciously retaliating when he tried to seduce Kourtney’s little sister: “He did it because he

enjoyed it, and he convinced Kendall that there was nothing wrong with them misbehaving a little. After all, they’re not really related!”

Maybe not, but the rest of the family certainly doesn’t see it that way. Although the start of their flirtation went unnoticed at the time, the

A bad look: Should Scott really be in bed with his girlfriend’s teenage sisters?

Is Kylie Next?

On March 29, Kylie, 17, posted a snuggly poolside pic with Scott to her Instagram, along with a sexy selfie showing off her skimpy bikini. The juxtaposition caused some to wonder about their relationship. “Scott has shown that boundaries are an issue,” the source points out.

Kourtney is reminded of Scott's flirtation with Kendall at every turn" — A SOURCE

cameras picked it up, and Kim was hopping mad when she finally viewed the footage. "She was fuming," the source says. "She gave Scott and Kendall an earful and accused them of stealing her thunder. That's why most of the scenes involving them were unaired — Kim didn't want them overshadowing her wedding." **Bruce Jenner** was also concerned by what he saw and even cautioned his daughter to "behave." Not that she listened; since last May, Scott and Kendall's risky relationship has only gotten more inappropriate.

WHAT SHE SEES IN HIM

At first, "Kendall was just flattered," the source says. She's always looked up to her big sisters, so snagging a little adult attention from Kourtney's boyfriend felt like an achievement. "She didn't know that it was the start of something more... but now, even though it's crossed the line, she's telling friends she's developed strong feelings for Scott and has no intention of stopping — or apologizing."

The pair did cool it, for a while, after they were dressed down by Kim and Bruce. But over the past few months, the flirtation has heated up again. Some have noticed that Scott appears to be spending as much time with Kendall as he does with Kourtney and his children, and even the most casual observer can't ignore the boundary-crossing nature of their friendship, thanks to Instagram shots like one in which Kendall strikes a sexy pose while Scott looks on approvingly. "To anyone paying attention, it's not a brother-sister thing," says the source.

"It looks sexualized. Scott clearly finds Kendall attractive."

So what does Kourtney think? According to the source, the mom of three at first "pretended not to notice" Scott and Kendall's connection. "Now, though, it's undeniable," the family insider says. "She could only miss it if she were deaf, blind and dumb." However, Kourtney has (perhaps accurately) decided that it's the least of her problems, especially given that Scott has been in and out of rehab for alcohol addiction during the same time period. "Kourtney says she doesn't have time to worry about it," the source says. "But in truth, she's devastated and humiliated."

OK!

Kourtney: Raising Kids While Scott Parties

It's been just a few months since Kourtney gave birth to baby Reign, and in that time Scott has been worse than useless. "Kourtney is pretty much bringing those children up by herself," a source says. However, she's not exactly surprised by his antics. The source says he "did the same thing" after the births of Mason, 5, and Penelope, 3, adding, "He loves his kids, but he can't give up his playboy lifestyle." But Kourtney might actually prefer it that he's not around. "He tells her to chill, and it drives her nuts. He has no idea how hard she works."

Busy Kourtney (here with Penelope) has no time to keep an eye on wayward Scott.

BRITNEY
& CHARLIE

Getting Married!

AFTER A WHIRLWIND ROMANCE, **BRITNEY SPEARS AND CHARLIE EBERSOL** ARE SET TO WALK DOWN THE AISLE

THEIR LOVE STORY

Brit and Charlie unwound during a recent vacay in Hawaii (left). The pair also try to outdo each other with romantic gifts, including plenty of sweet treats (far right).

Brit shared this snap of a "family lunch" on Feb. 27.

Could the third time be the charm for **Britney Spears**? Just weeks after the twice-married pop princess admitted that she'd "love" to get married again, insiders tell *OK!* that she's found her happily ever after with beau of six months **Charlie Ebersol**. "She feels closer to Charlie than any man she's ever been with, and she wants to spend the rest of her life with him," shares a source. "She knows it's quick, but she's never been more sure of anything in her entire life."

DIVING RIGHT IN

Britney, 33, and Charlie, 32, were introduced by the singer's assistant last November, just two months after her split from cheating ex-boyfriend **David Lucado**. "I thought he was really adorable, and she said he was good people, so I went for it," Brit dished in March. It wasn't long after their first date (he cooked for her!) that the pair became inseparable, jetting between L.A. and Las Vegas, where Brit's in residence at Caesars, for hiking trips, birthday celebrations, and her sons' soccer games. So while Charlie's proposal was an impromptu surprise, it's been clear for some time that they're a unit. "They already act like a

married couple," dishes the source.

While some may worry that the lovebirds are moving too fast —

Speaking to Katie Couric in 2013, Charlie defined the tragedy as the moment he started to value how precious time really is.

CHARLIE'S Family Tragedy

Despite coming from a privileged background — his mother is actress **Susan Saint James** and father is former NBC Sports chairman **Dick Ebersol** — Charlie has overcome a great deal. On Nov. 28, 2004, he was aboard a private plane with his dad and youngest brother, Teddy, when it crashed soon after takeoff. Charlie saved his dad's life by pulling him out of the wreckage, but Teddy did not survive. Speaking about his relationship with Britney, Charlie explained, "If I had not gone through what I've gone through, I would not have been prepared to be in a relationship of any kind, much less in one with someone like Britney, who has the enormous heart that she does."

especially given Brit's history of personal and romantic struggles — the singer is determined to put her troubled past behind her and finally live her life the way she wants to. "Britney feels like she's wasted too much time already," reveals the source. "If she had it her way, she would be raising her kids in Louisiana rather than staying in showbiz. And Charlie promised that when he makes her his wife, he'll do everything in his power to make those dreams come true."

THE BIG DAY

This may be Britney's third time walking down the aisle, but it's Charlie's first — and she wants to make sure that every aspect of their wedding, including picking out a ring, is special for him. "Charlie would give Brit anything she wanted, but she insists on planning as a team," says the source.

The one item they've already ticked off their checklist is the location. The insider tells *OK!* that the pair are envisioning a small ceremony in Louisiana around Thanksgiving, with plenty of Southern food and rustic charm. "Charlie's seen how

Brit sought treatment for a prescription drug addiction at Summit Malibu last winter.

TRYING TIMES

Brit and Charlie's romance hasn't been all smooth sailing. The star checked into rehab in November — but Charlie stood firmly by her side, even though they had only been together a few weeks. "Brit realized he could've easily run away," says the source. "He gave her support, something she hasn't had from a male figure for some time."

relaxed Brit is at home, and he adores that side of her," says the source. Friends wouldn't even be surprised if he eventually uprooted from L.A. "He fell in love with Britney the sweet-natured mom, not the sexed-up superstar."

In fact, the couple have always been open about how children factor into their relationship. Brit described Charlie's first meeting with her sons, **Sean Preston**, 9, and **Jayden James**, 8, as "really beautiful," and their dates are often family affairs. "Charlie relates to the boys really well, and they have fun together," Brit told reporters last month. Asked if she was open to expanding her family she admitted, "I'd like to have one more. I am satisfied with my two boys, but

maybe in the future... I would love a mini-me!"

THE SIMPLE LIFE

With the couple ready to make things official, insiders say that Brit is hoping her dad, **Jamie**, will loosen the reins on his conservatorship, which has been in place since her 2007 breakdown. "Charlie has advised her to keep the peace for now, and after the wedding they can spend time in Louisiana and have a serious talk with her father," reveals the source.

Although Britney and Jamie have a strained relationship, friends say that at the end of the day, he just wants his daughter to be happy.

"Jamie does push Britney professionally, but he's also thrilled that she's found someone to settle down with," says the source. "He likes that Charlie has his act together and is a good influence."

Britney herself can barely believe how quickly her life has turned around. Asked last month if she ever thought she could be this happy, she replied, "No, never. Not in my wildest dreams." An insider adds, "She was beginning to think she was broken, but then she met Charlie."

OK! ROYALS

1 KATE SAYS THIS BABY WILL BE HER LAST

She's done her Duchess-ly duty — pass the royal bubbly! Palace insiders are reporting that

Duchess Kate plans to promptly disembark from the baby train after number two is born. "Kate and **Prince William** are overjoyed that they've been lucky enough to be parents of two children," says a source. "With William being one of two, he loves that bond he shares with **Prince Harry** and wants the same for his kids."

Kate's also been up front about her pregnancy struggles, and neither she nor William are under the impression that producing heirs is a walk in Hyde Park. "Some women love pregnancy, but Kate's had one issue after another — including being hospitalized for acute morning sickness," says a source. "She can't wait for this one to be over."

Kate's morning sickness landed her in the hospital.

"Kate's just fine never being pregnant again!" says a source.

5 THINGS YOU NEED TO KNOW

ABOUT THE NEW ROYAL BABY

2/ CELEB GIFTS ARE POURING IN

To the royals go the spoils: Kate and William have received some outrageously luxe baby gifts! Insiders say their new friends **Beyoncé** and **Jay Z**, as well as *Vogue* editrix **Anna Wintour**, have gone all out to welcome the new heir in style. "Anna sent a baby outfit designed by Chanel," says an insider. "And **Bey** and **Jay's** care package included a vintage record player to play soothing music at bedtime. William thinks it's awesome!"

The source says that William is also shelling out — he's surprising his wife with a custom necklace containing both babies' birthstones. "He wants Kate to be able to keep her kids close to her heart." Aww!

Cashmere baby blankets and silver baby jewelry? Bloody brilliant!

A go-to guide can't hurt, even for second-time moms!

3/ PIPPA'S MOVING IN!

Suddenly beset by maternal urges, **Pippa Middleton** "told Kate she'd love to live with her and Wills if allowed, so she can spend more time with her nephew and the new baby," says an insider. "Kate loves having her there and knows it'll be a help to have her entertain **George**. Pippa takes her aunt role very seriously!"

There's more than enough room at Anmer Hall.

5/ KATE'S HIRING A NIGHT NURSE!

Kate and William admirably tackled parental duties — any time of night! — when George was born. But between William's new job and a much fuller house, sources say, they've decided to hire a night nurse in exchange for a bit of beauty rest. "They'll always be hands-on with their children, but Kate's realized that help with the kids is crucial to their family's happiness," says an

insider. "William didn't want the help, but Kate pointed out that lack of sleep will just make them more stressed. And he finally agreed!"

"More than anything, Kate wants a close family," says a source.

4/ PRINCE WILLIAM WILL SPLIT TIME BETWEEN DAD DUTY AND A NEW JOB

Not content to rest on his royal laurels, William recently started a new job as an air ambulance helicopter pilot — an intense position that requires numerous tests and odd hours. "William had planned to free his schedule, but he couldn't turn down the chance for his dream job," says a source. "He's arranged to work four days on, then four off — which he'll spend bonding with the kids."

Who can resist a prince in uniform?

ELLEN & PORTIA

LIVING APART

Ellen DeGeneres wants the world to know how solid her relationship is with **Portia de Rossi**. “I love her so much it kills me,” she said last year, and the couple were all smiles at the GLAAD Media Awards on March 21. Behind the scenes, though, their six-year marriage has been crumbling for some time. And now, sources say, they are living in separate homes — Portia, 42, at their sprawling property in West Hollywood, and Ellen, 57, at an L.A. hideaway. “They are living out their problems apart,” an insider says, “which means nothing is getting sorted out.”

PUTTING ON A FRONT

When the going gets tough, Ellen tends to avoid and deny; last month, she shot down reports of relationship problems on *Today*, saying, “There’s never been a point where we were breaking up or divorcing or fighting.” But sources say that was just an attempt to save face. “Ellen’s more concerned with her image than the reality of what’s happening at home,” says the insider. “It’s her controlling the relationship once again, which has landed her in trouble with Portia before.” Indeed, prior

AFTER 10 YEARS TOGETHER, ELLEN DEGENERES AND PORTIA DE ROSSI ARE ON THE ROCKS — AND ELLEN’S CONTROLLING WAYS ARE TO BLAME

to Portia’s taking a role on the current season of *Scandal*, Ellen reportedly urged her to turn down offers so she could focus on their home life, and they’ve fought bitterly about issues like Portia’s smoking.

Last May, after a period of turmoil, Portia — who’s been very vocal about her past struggles with anorexia and bulimia — checked into rehab, reportedly for alcohol abuse. “They had so many ups and downs, and the stresses of it just got to Portia,” says the insider. “They were definitely doing better after she got out, and Ellen was

standing by her side. But they’re going down a rocky road again, and Portia’s finding it difficult to deal with.”

And though they’ve claimed they don’t want children, Ellen’s most recent statement on the matter — “I’m getting too old. Listen, they’re cute, those little kids, but no,” she said on *Today* — hit Portia surprisingly hard. “She hadn’t fully given up on the idea of a family,” says a source. “But once again, Ellen took the reins with total disregard to Portia’s feelings. And she was so adamant and public about it. It made Portia wonder what Ellen does want from life.”

TIRED OF SECOND PLACE

There’s still a lot of love between the famous duo, but distance hasn’t

ELLEN’S BAD ROMANCES

Ellen and **Anne Heche** split in August 2000, after three years of dating; the next day, Anne had a bizarre meltdown, knocking on a stranger’s door in Fresno, Calif., and babbling about taking people up to heaven in a spaceship. Photographer **Alexandra Hedison** was with Ellen for three years, until Ellen dumped her for Portia; she’s now married to **Jodie Foster**.

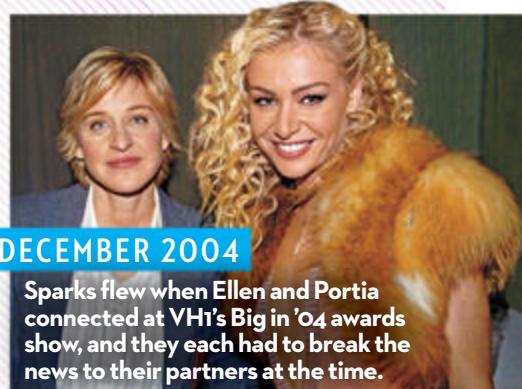

PORTIA REALLY WANTS THEIR MARRIAGE TO WORK, BUT SHE DOESN'T KNOW HOW TO GET THROUGH TO ELLEN"

eased the tension. "They often end up fighting about their issues instead of working on them," says the insider. "Ellen gets defensive, and Portia just turns off. It's not healthy." Portia's *Scandal* role has put her back in the spotlight, but she has no one to share in her excitement. "More often than not, Portia is returning to an empty house," the source says. And even when her spouse is there, "Ellen always turns

the conversation around to herself." Ten years in, playing second fiddle to Ellen has been "draining" for Portia, the insider adds. "She's realizing that this isn't a true partnership — it's way too one-sided. And the more Ellen convinces herself that everything is fine, the further away she's pushing Portia. Portia really wants their marriage to work, but she just doesn't know how to get through to Ellen anymore."

FROM BLISS TO BREAKDOWN

THE FAMOUS COUPLE HAVE HAD THEIR SHARE OF RELATIONSHIP UPS AND DOWNS

DECEMBER 2004

Sparks flew when Ellen and Portia connected at VH1's Big in '04 awards show, and they each had to break the news to their partners at the time.

Several months after a ban on

AUGUST 2008

same-sex marriage was overturned in California, they wed in an intimate ceremony at their home.

DECEMBER 2013

On her talk show, Ellen shot down rumors of relationship woes, saying, "The only thing we ever argue about is who loves who more."

Portia checked into Passages Malibu rehab center, reportedly seeking treatment for alcohol abuse, after a confrontation with Ellen.

MAY 2014

MARCH 2015

Portia was hurt, a source says, when Ellen adamantly reiterated her lack of interest in having children during an interview on *Today*.

Ryan Gosling is a man who loves women. You can tell from the sensitivity he brings to romantic films like *The Notebook*; from the way he talks about his partner, **Eva Mendes**, 41, and their 7-month-old daughter, **Esmeralda**; and from his just-released debut as a writer-director, *Lost River*, which stars **Christina Hendricks** as a struggling single mom living in a surreal urban slum.

"I grew up with two incredible women, my mother and sister, and my way of looking at the world was shaped by a female perspective," says Ryan, 34. "I've always enjoyed their company and that emotional openness. That's also the quality you need to bring to your work as an actor." Here, the Canada native opens up about new challenges and his unexpected stardom.

Why did you choose to direct your first film while your acting career is still taking off?

I love directing and being able to spend so much time with one project, as opposed to working as an actor where you're only involved for a few months. I also wanted to use all the observational skills I've developed as an actor and put them to use telling my own story and learning from that experience.

What was it like premiering *Lost River* at Cannes?

It was a strange experience. I had never shown the film to anyone outside of a few people in my basement, and suddenly I'm wearing a tuxedo and watching it in a massive theater with a thousand people. I can't control how people react to the

film, but I believe in it and I'm hoping it's going to find an audience.

Why did you decide to shoot the film in Detroit?

I grew up in Canada, and for us, Detroit was a symbol of America — it's the home of Motown, Ford, **Eminem**, the middle class. It's a city that's been in decline, [with] many sections abandoned or derelict, and I saw an eerie beauty in those buildings. I wanted to use that to express the ghosts of the past. But Detroit is [also]

reinventing itself; there's a real energy, and the people there are so talented and genuine.

How was it working again with Eva Mendes, who plays a nightclub manager in the film?

She helped me a lot. I picked the actors because I had worked with them before, and I knew them and trusted them. They all added things I never would have thought of.

Your daughter with Eva, Esmeralda, was born last September. How's life as a dad?

It's an exciting time. Being a father is something I'm thrilled about. I'd thought a long time about starting a family... I'm a romantic, and I'm lucky to have the right woman at my side.

Are you still surprised in some way that you became a movie star?

Oh, yeah. Before I did *The Notebook*, it was hard for me to even get an audition. I would show up and there would be all these incredibly good-looking guys reading for the same part, and most of the time you knew you had no chance. I had pretty much resigned myself to the fact that I would always be a character actor, if I was lucky. But when **Nick Cassavetes** hired me [for *The Notebook*], suddenly

I was able to do the kind of movies you always dream of. I've been very lucky, and I'm still having a lot of fun.

EMERIL
LAGASSE'S

CLASSIC SEAFOOD GUMBO

Perhaps no chef is more closely identified with New Orleans than **Emeril Lagasse**, who opened his first restaurant, Emeril's, there 25 years ago. Though he now owns 13 U.S. eateries—including three at The Venetian in Las Vegas (Table 10, Delmonico Steakhouse and Lagasse's Stadium)—The Big Easy is still his home base, and the inspiration for his seafood gumbo. “This classic version, chock-full of fish in a richly flavored broth, is always a hit,” he says.

SERVES: 8

TOTAL TIME:
3 HRS.

SKILL LEVEL

Ingredients

- ¾ cup vegetable oil
- 1 cup all-purpose flour
- 1½ cups finely chopped onion
- ¾ cup finely chopped green bell pepper
- ¾ cup finely chopped celery
- 2 tbsp. minced garlic
- 1 oz. amber beer
- 6 cups fish stock
- ½ lb. blue crabs, cleaned
- ¼ tsp. dried thyme
- 2 bay leaves
- 2 tsp. Worcestershire sauce
- 1½ tsp. salt
- ½ tsp. cayenne pepper
- 1 lb. medium shrimp, peeled and deveined
- 1 lb. fillets of white fish, such as catfish, grouper, snapper or sole
- 1 tbsp. Emeril's Original Essence Seasoning
- 2 cups oysters, shucked, with their liquor
- ¼ cup chopped parsley
- ½ cup chopped green onion
- 2 cups white rice, cooked, for serving

Directions

1. Place an 8-quart stockpot over medium heat and add oil. When oil is hot, add flour. Stir oil and flour together with a wooden spoon to form a roux. Lower heat to medium-low and continue to stir roux for 15 to 20 minutes, or until it becomes the color of milk chocolate. If black specks appear, dispose of roux and start again.

2. Add onions, peppers, and celery to roux and stir for 5 minutes, then add garlic. Cook for 30 seconds before adding beer, stock and crabs.

Season gumbo with thyme, bay leaves, Worcestershire, salt and cayenne. Bring to a boil and lower heat to simmer. Simmer for 1 hour, skimming the foam and any oil that rises to the surface.

3. Season shrimp and fillets with 1½ tsp. Essence. Stir into gumbo and cook for 2 minutes. Add oysters to pot and cook, stirring often, for 5 minutes. Taste and season, if necessary.

4. Garnish with parsley and green onion and serve in bowls over rice.

FASHION FORWARD

LOOK AHEAD TO WARM WEATHER WITH TIPS FROM **ALESSANDRA AMBROSIO**

We can't all have her long legs and tiny waist, but thanks to her new clothing line, Alé by Alessandra, we can steal her style. The supermodel shared her best fashion advice at the Simply Stylist L.A. conference.

What trends are you most looking forward to this summer?

I love pieces that are flowy, feminine and colorful. My new collection is all about Brazil-Bohemia meets Malibu chic.

What's your go-to beach look?

I usually wear a cover-up along with a cute hat and some simple jewelry.

Who's your favorite fashion blogger?

Chiara Ferragni from The Blonde Salad. I love her style.

How do you stay in amazing shape?

Having a balanced life is very important to me. I make sure that I'm eating right, doing Pilates and laughing a lot all year long.

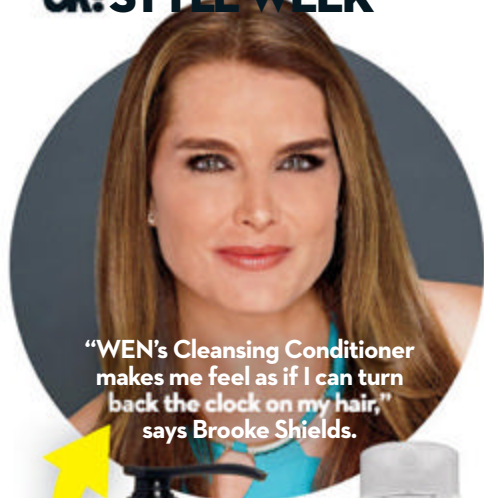

What's your best fashion advice?

Trust your instincts.

I've always loved designing. I remember making clothes for my dolls."

Like everyday conditioner on steroids, cleansing conditioner uses emulsion technology or highly absorbent plant extracts to remove oil,

dirt and buildup without lather. The result? Clean hair without the drying effects of shampoo. "It's great for thick, coarse hair that needs more moisture," says

James Grundy, R&D Director of Eufora. Still, he adds, "using traditional shampoo every so often is important to keep the scalp refreshed."

COOL COLLABORATION

Next time you pull out your signature Eos smooth sphere, make sure it matches your sneakers! Keds, inspired by the lip balms' vibrant colors, will offer two of its beloved styles (the Champion sneaker and the Double Up) in limited-edition bright hues: Pomegranate Raspberry (pink), Blueberry Acai (blue) and Passion Fruit (purple). "The amount of love we got on Instagram for a combined Keds and Eos post really kick-started the collection," says Chris Lindner, president of Keds. "Weight management is about smart choices that don't leave you feeling deprived," says registered dietitian Keri Gans, author of *The Small Change Diet*. "I recommend stocking up on convenient and tasty frozen options. Two recent studies by ConAgra Foods found that certain frozen meals, like Healthy Choice, may be more satiating than meal-replacement bars and provide the same or better calorie and nutrient benefits of diet program meals."

3 MAKE WORKOUTS FUN

Fitness guru Anna Kaiser, who trains **Sofia Vergara**, sees boredom as the enemy of a steady fitness routine. At her AKT InMotion studios she offers dance and strength-training classes, like the new circuit-based S(wet) Dreams, that are constantly evolving. Plus there are disco balls, dimmed lights and fun playlists. If working out doesn't feel like a chore, you're much more likely to do it.

CLEVELAND ABDUCTION

Sat., April 25, at 8 PM ET on Lifetime

Scary things happen behind closed doors. Lifetime tells the true story of Ariel Castro, (played by *Breaking Bad*'s **Raymond Cruz**) who abducted three young women and held them captive in his basement for more than a decade, while no one on his quiet Cleveland street was the wiser. The story begins with the 2002

kidnapping of 21-year-old single mom Michelle Knight (**Taryn Manning**), followed by teens Gina DeJesus (**Katie Sarife**) and Amanda Berry (**Samantha Droke**), who becomes pregnant with her captor's child. The TV movie — which includes Amanda's dramatic escape and 911 call — is especially chilling, even for a network known for true-crime dramas.

LORI LOUGHLIN STAR OF WHEN CALLS THE HEART

Two decades after charming audiences — and Uncle Jesse! — as Becky, *Full House* favorite **Lori Loughlin** has found success on the small screen yet again. OK! catches up with the star ahead of the season 2 premiere of her critically acclaimed series *When Calls the Heart*.

What attracted you to this role?

I wanted to do a period piece and, specifically with the role of Abigail, I

liked the idea of a woman starting over after suffering a great loss. She is such a strong character.

Is it hard playing a widow?

In the first season,

Lori admitted John was her hottest *Full House* castmate. (Duh.)

exploring the pain of her loss was challenging. But now we're looking at the rebirth of Abigail. She's holding on to fond memories from the past but also building new ones for the future.

What can you tell us about Abigail's romance with Bill (Jack Wagner)?

It's a roller-coaster ride, but it's really fun. There's a lot of mystery surrounding Bill, so I think the audience will be hooked.

America fell in love with you on *Full House*. Do you miss anything about playing Becky?

I just miss going to work every day and seeing that cast. We had such a good time.

Do you stay in touch with anyone?

Everybody! The only people I don't see anymore — but I think **Bob Saget** does — are **Mary-Kate** and **Ashley Olsen**. It's not that I don't love them, but they just sort of separated themselves from the rest of us and are doing their own thing.

How did you feel when John Stamos called you "the one that got away?"

I was superflattered. We're great friends, and I will always love and adore him.

JANET LUPO'S FOUNTAIN OF YOUTH

Former *Playboy* centerfold Janet Lupo (Miss November 1975) hasn't aged a day! The '70s siren shares her skin-care secret: Fountain of Youth body oil, a signature blend of essential oils that rejuvenate, moisturize and nourish skin.

What differences have you seen in your skin since you started using Fountain of Youth?

In the winter, it keeps my skin moist, and in the summer, it gives me a beautiful, long-lasting tan. People always say, "You're how old? What do you use? You look half your age!" I've been using my oils for years — and it really shows.

What separates Fountain of Youth from other skin treatments?

The nongreasy formula is quickly absorbed into your skin, and with hints of rose, jojoba, bergamot, sandalwood and apricot kernel, it gives you a youthful glow. It's also affordable — \$30 versus other oils that cost hundreds of dollars for a small bottle.

How did you come up with the name?

Having soft skin makes you feel like a kid! You look as young as you feel, and I still feel 25.

EVA'S AWKWARD PHASE

Before she was **Ryan Gosling's** baby mama, **Eva Mendes** says she was "the ultimate Miss Goody Two-Shoes" and "a gawky girl with big teeth" who was bullied at Hoover High in Glendale, Calif. Hey girl, who's laughing now?

SlimFast's new campaign will inspire you to shake your thing... and drink your shakes.

SLIMFAST: IT'S OUR THING!

What do 12 folks from all walks of life, a 20-person production crew, a hip director, three makeup artists, a bunch of beach balls, palm trees and dozens of professional dancers add up to? An energetic commercial that's set to turn heads — and inspire healthy weight loss — around the nation!

SlimFast's new "It's Your Thing" campaign heralds the rebranding of the most respected name in weight-loss products. The effort kicked off with an upbeat commercial shoot at New York City's Chelsea Studios last month, featuring an array of dancers celebrating unique SlimFast success stories, to the tune of the classic Isley Brothers song, which the brand had rerecorded in a contemporary style.

The high-energy choreography spotlights how SlimFast's 21st-century

products provide a fast and easy solution to losing weight that fits into today's demanding lifestyles.

"SlimFast is convenient to anyone in a modern world," says the brand's CEO, Chris Tisi. "Whether you're a college kid trying to lose the freshman 15, a first-time mom saddled with new responsibilities or an athlete looking for a healthy edge, SlimFast products provide an effective, safe and convenient solution." And everyone showcased in the commercial agrees.

"I grew up on SlimFast," says **Kamini Chinloy**, one of the spot's featured performers, who lost a whopping 60 postpregnancy pounds on the products. "I now know I can take it with me anywhere and get real protein and fiber. And I love the taste!" For more info: SlimFast.com or #ItsYourThing.
